**Transportation
to non-racing states
in US and Canada**

ASPCA has awarded Greyhound Support Transport a \$4,000 grant to assist in the hauling of retired greyhounds to non-racing states.

GST's hauls approximately 30-35 dogs every six to eight weeks at a cost of nearly \$5,000.

Yearly hauling bills average over \$35,000.

Through the generosity of ASPCA, the members of GST and on-coming donations, GST will be able to increase their hauling to areas where greyhounds will be adopted to loving homes.
